Penny V	U10

Explanation of Pointscore and Event Winners

Pointscore Competition Trophy

Throughout the season points are awarded for attendance, events competed in, places in those events, personal bests, and individual improvements.

These points will be tallied at season end to arrive at a season Point score winner, second placing and third placing.

Pointscore winners must attend 75% of competition nights.

Event Champion Trophy

We conduct a season event champion. That is we take the results over the entire season for all events in each age group, the highest number of points gained in each event become the Event Champion. The points are awarded on a 4,3,2 basis and 1 point for each other competitor who competes in an event.

Bonus points are awarded for every event record equalled or broken.

Event Champion winner must compete in that event 50% of the event competitions held.

Merit Award

This award is presented to athletes who do not receive a Point score or Event Winners trophy, but who do fulfil the requirements of competing in 75% of all Club competitions scheduled for their age group.
